Nikholas Queiroz

Full-stack Engineer | NestJS · Next.js · TypeScript · Applied AI

Belo Horizonte, Brazil · +55 (31) 98851-4442 · nikholas.queiroz@ufv.br · linkedin.com/in/nikholasqueiroz · github.com/Nikholau

SUMMARY

Software Engineer with 4+ years of experience building production systems for Fintech, specialized in NestJS, Node.js, and React/Next.js. I build robust REST APIs, React interfaces, and AI-powered automation with LLMs applied to real products. I have hands-on experience with AI agents, n8n, and the Claude API in production. Currently seeking a mid-level position where I can combine product engineering and applied AI to solve real business problems.

SKILLS

Area	Technologies
Backend	Node.js · NestJS · TypeScript · Express · REST APIs · GraphQL
Frontend	React · Next.js · React Native · CSS Modules
Databases	PostgreSQL · Redis · Prisma ORM
AI & Automation	Claude API · OpenAI · AI Agents · n8n · WhatsApp Automation · Prompt Engineering
Auth	JWT · OAuth 2.0 · Magic Link · Open Finance
Cloud / DevOps	AWS · Docker · Datadog
Testing	Jest · React Testing Library · TDD
Integrations	B3 · Open Finance (BCB) · Zenvia · RD Station · Pipefy · PIX

EXPERIENCE

Software Engineer (Backend) — Mundo Invest

Jun 2025 – Present | São Paulo, Brazil

- Led the implementation of the **Open Finance** module, integrating Banco Central (BCB) regulated APIs for user financial data consolidation and portability
- Built integration with the **B3** (Brazilian Stock Exchange) for real-time market data retrieval and processing
- Contributed to the **app launch** on both stores, coordinating backend integrations with the mobile team for the production rollout
- Implemented automation workflows with **n8n**, **Zenvia**, **RD Station**, and **Pipefy**, eliminating repetitive tasks and freeing the team for higher-value work
- Developed **custom Claude Code skills** tailored to the company's engineering workflows, automating recurring tasks specific to the business context
- Used Claude Code and Cursor to speed up code analysis, refactoring, and review processes

Stack: Node.js, NestJS, TypeScript, REST APIs, B3, Open Finance, n8n, Zenvia, RD Station, Pipefy

Mobile & Web Developer — Mundo Invest

Aug 2023 – Jun 2025 | São Paulo, Brazil

- Built interactive charts and complex CRUDs for a financial management platform, delivering clear and intuitive UX
- Developed a mobile app from scratch with **React Native** and led its launch on both iOS and Android stores
- Implemented lazy loading, prefetching, and conditional rendering — improving performance on critical pages
- Integrated REST and GraphQL APIs in close collaboration with the backend team

Stack: React Native, ReactJS, Next.js, TypeScript, Jest, React Testing Library

Full-stack Developer — EWZ Capital

Oct 2024 – Dec 2024 | São Paulo, Brazil

- Reduced UI complexity by consolidating **4 screens into 1 unified dashboard** for financial advisors
- Implemented Datadog monitoring, reducing MTTD and MTTR for production incidents

Stack: Node.js (TypeScript), Express, PostgreSQL, Docker, Datadog

Web Developer — Tradio Pagamentos LTDA (Tradio Bank)

Nov 2022 – Mar 2023 | Goiânia, Brazil

- Developed PIX payment integration for a high-complexity, high-volume financial transaction system

Stack: React.js, JavaScript, Redux, TDD

Frontend Developer — DEVYX TECH

May 2021 – Jul 2022 | São Gotardo, Brazil

- Built responsive interfaces with ReactJS and TypeScript following SOLID principles and decoupled component architecture

Stack: React.js, TypeScript, Figma, CSS

EDUCATION

Bachelor's in Information Systems — Federal University of Viçosa (UFV) April 2021 – July 2026

Technical Degree in Computer Science — Escola Estadual Governor Milton Campos February 2018 – January 2021

TALKS & ACTIVITIES

"Intelligent Solutions Applied to Agribusiness" — April 15, 2026 Guest speaker at the *Trends and Advanced Topics in Software Engineering* seminar module (Software Engineering II, Information Systems) — Federal University of Viçosa, Rio Paranaíba Campus. 2-hour talk. Certificate digitally signed via gov.br.
